STAR-BULLETIN SELECTIONS RUN TRUE TO FORM IN SWIM EVENTS THURSDAY

Star-Bulletin selections run true to form yesterday afternoon at the swimming meet, and out of the eleven races staged eight selections for first made by the Star-Bulletin finished ahead of the field. In two of the other races the selection made finished second by a small margin. This doping of the races equals that of last year when eight firsts were named out of the list.

In seven of the events the first three men to finish were the same as those named by the Star-Bulletin in the list. The only upsets came in the century swims, the 100 yard service, novice and open events. All of the other events ran true to form.

The list as published in the Star-Bulletin on Wednesday and Thursday and the winners were as follows:

chance to distinguish himself, but the Rogan party packed too many guns.

Pinelli's foolery allowed Smith a life to start the eighth off the handsome blonde, Kenneth Penner, late of the Cleveland Americans. Penner cut loose with a few fast ones but did not put any stuff on the ball. It will be ten days at least before he tries to use a curve, and in the meantime he will try to get by on a slow ball mixed in with a fast one, working the corners and teasing the batters into hitting at bad balls. This is a favorite trick of the more experienced pitchers in the spring training season.

Smith was followed by Swinton, who hunted to Penner and was cut off at first. Up came Recker Rogan, whose fiendlike antics in the box bothers a pitcher. At one time Rogan is inside the angle lines to catch the curves and at another time he is in the back end of the box to take the fast ones. He got a corking double to center off Penner and Smith walked across the plate. Johnson hit to Hollocher and Rogan was run down by Holly and Pinelli. Hollocher, by the bye, had the best fielding average of any shortstop in the United States last year, being above the .960 mark. Gollah also grounded to Holly and Johnson was forced at second, for the last out of the game.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

PHILADELPHIA, Pa.—Do you wear glasses? Are you a victim of eye-strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read anything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of

many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona tablets. Drop one Optona tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.

CROWDS WEEP WITH BRITON FOR FAMILY LOST AT SEA

NEW YORK, N. Y. — It took the silent grief of John M. Little, Englishman, to bring keenly home to the officials and clerks of the Anchor line offices the loss of the steamship California. Modestly, almost diffidently, Little, a spare, slight man, asked for news of his wife and four children, stowage passengers. The latest cable, he was told, reported his wife and one child missing—the others had been saved. "But the wife and baby," he pleaded. "Can't you give me a word of hope?" No one dared reply. Tears welled from Little's eyes. The bustling activity stopped and heads were bowed. Straightening himself with an effort, Little squared his shoulders and walked away, the tears still streaming down his face. Not a word was said as the work of the busy office was resumed.
